

# Routing

Session 06

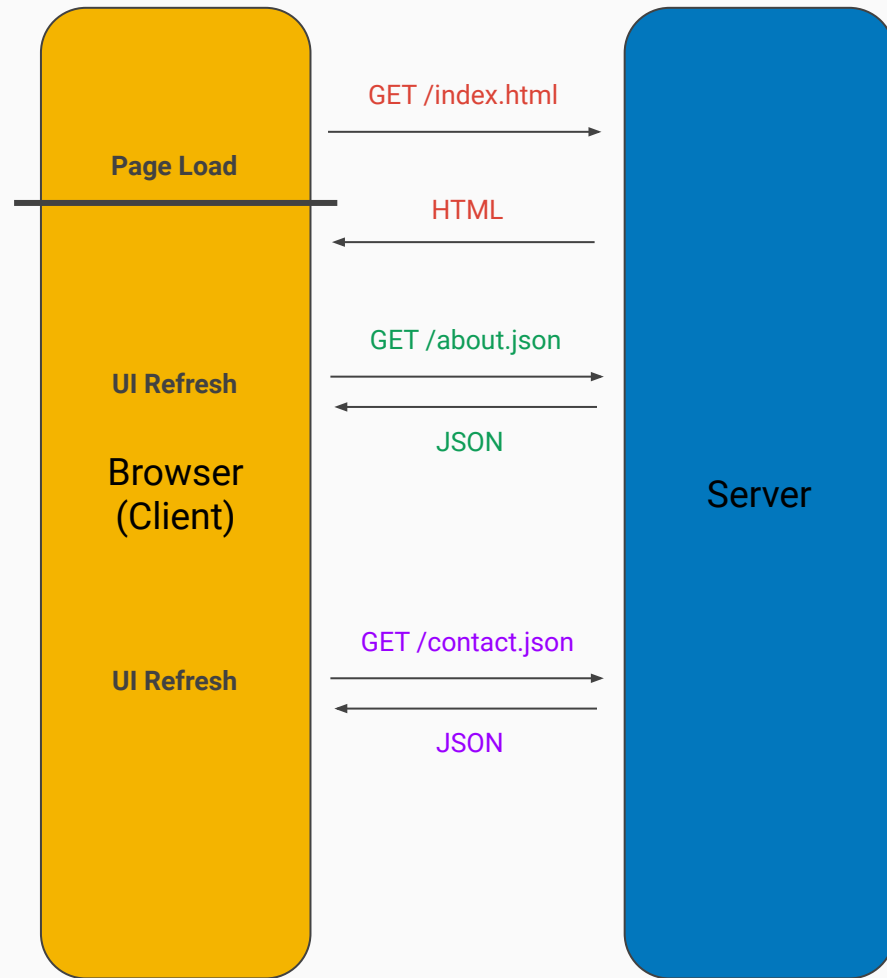

# Single Page Application (SPA)

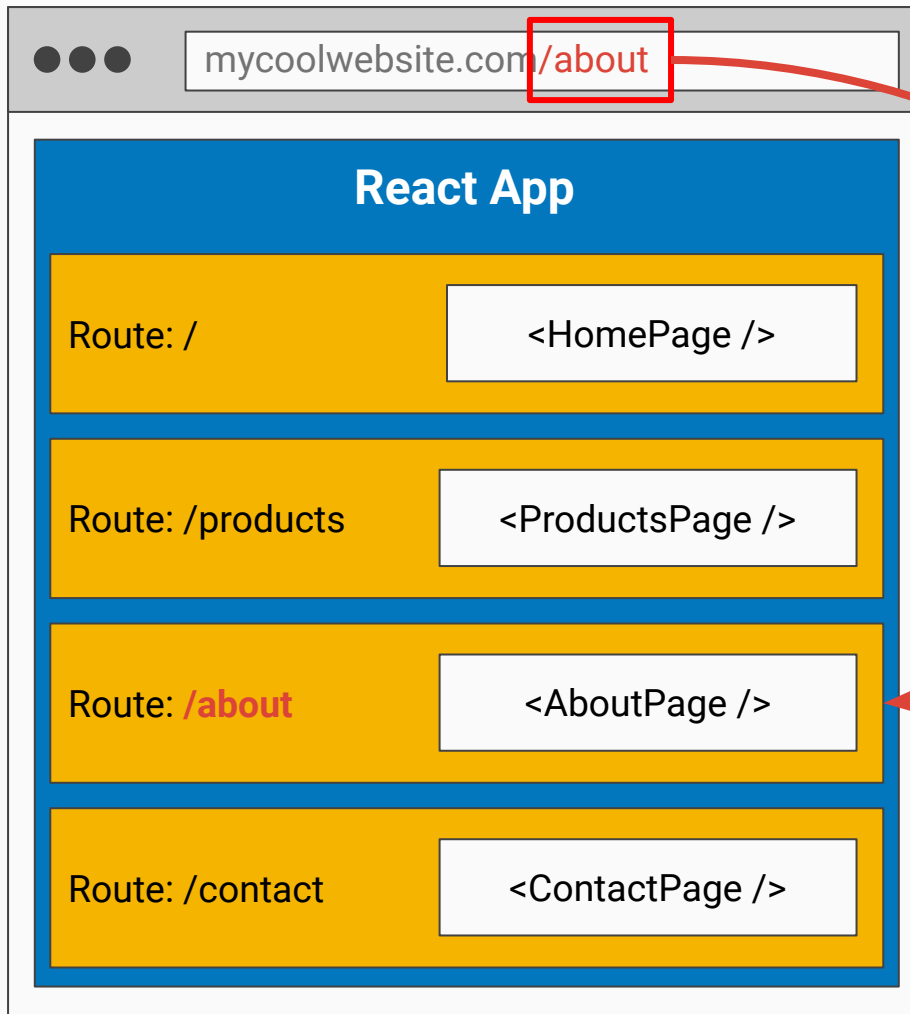

## Traditional

## Single Page Application

# Routing in React

<BrowserRouter>

**Rendered on all Pages**

```
<Header />  
<Navigation />
```

```
<Routes>  
  <Route path="/" element={<HomePage />} />  
  <Route path="/products" element={<ProductsPage />} />  
  <Route path="/about" element={<AboutPage />} />  
  <Route path="/contact" element={< ContacPage />} />  
</Routes>
```

</BrowserRouter>

**Different Content per Page**
